22 SEPTEMBER 2026, TUESDAY

10:15-11:00

CONGRESS HALL

The grand opening of the Federal stage of the All-Russian Professional Skills Competition "The Best by profession" in the Welder nomination

Opening of the exhibition "Metalworking. Metallurgy"

Moderator:
test

Welcome speech:
test

Key topics:
Test 2

Organizer:
Ministry of Labor and Social Development of the Perm Region

From September 22 to 24, 2026, Perm will host the federal stage of the All-Russian Professional Skills Competition "Best by Profession" in the Welder nomination.
About 60 welders from all over Russia will come to compete for the high title.

Within the framework of the National Project "Cadres" and the Federal Project "Man of Labor", 25 federal stages of the All-Russian Professional Skills Competition "The Best in Profession" are held in the regions of Russia. For the second year in a row, Perm Krai became the venue for the Welder nomination.
The Perm Region has benefited from a large number of modern machine-building, metalworking and other industrial industries, as well as Perm's status as the birthplace of modern welding.

10:00–16:00

LOUNGE AREA
1ST FLOOR

The competition "The best metrologist of the Urals"

Key topics:
The competition brings together leading experts from Ural enterprises to highlight the best practices in the field of measurement, standardization and ensuring the uniformity of measurements.

Invited to participate:
- metrology engineers
- specialists in the verification and calibration of measuring instruments
- heads of metrological services
- technical experts in the field of measuring technology

Organizer:

INSIZE RUSSIA Company

With the support of Servoral LLC and the URALTEST Federal Budget Institution, the State Regional Center for Standardization, Metrology and Testing in the Sverdlovsk Region

---

13.00–15.00

CONFERENCE HALL NO. 2

Additive technologies in modern metalworking industry: prospects and implementation

Moderator:
Olga Gennadievna Ospennikova, Executive Director of the Association for the Development of Additive Technologies, Advisor to the President of JSC TVEL, Doctor of Technical Sciences.

Key topics:
"Experience of using additive technologies in industry"
Smelov Vitaly Gennadievich, Director of the IDEU of Samara University

Invited to participate:
Kavelashvili Ilya Vladimirovich, General Director of ROSAT LLC.
Vasiliev Dmitry Nikolaevich, General Director of JSC "Laser Systems".
Dmitry Nikolaevich Trushnikov, General Director of IXVELD LLC.
Antonov Dmitry Nikolaevich, Deputy General Director for Development of ONSINT LLC.
Funtikov Vladislav Anatolyevich, Director of the REC "ICAP" of the Bauman Moscow State Technical University.
Natalia Andreeva, director of the NGO "City of Childhood".
Zelenov Andrey Dmitrievich, Chief Expert of JSC "TSAT".
Alexey Pavlovich Paduchev, General Director of Robotech LLC

Organizer:
Association for the Development of Additive Technologies, Moscow

Tour of the exhibition at the end of the event

13.00–15.00

CONFERENCE HALL NO. 5

Development of domestic machine tool industry. Automation and innovation in production. International Machine Tool Marathon

Moderator:
Adel Almasovich Khaziev, Head of the Machine Tool Committee of the Business Association of Clusters of the Russian Federation

Key topics:

- Integration of equipment and competencies: creation of multifunctional centers combining development and production to solve complex industrial problems
- All-Russian cooperation: interregional exchange of competencies and best practices of modernization, automation and robotization of industrial enterprises within the framework of sectoral development programs

- New technological opportunities: the use of laser and electroerosion processing methods for high-precision production and import substitution of complex components
- Energy-efficient solutions: implementation of flexible power distribution systems to reduce costs and improve the reliability of the machine park
- Service and modernization: approaches to maintenance, repair and modernization of the machine park in the new economic conditions.

Organizer:
Business association of Russian clusters

Tour of the exhibition at the end of the event

14:00–18:00

CONGRESS HALL

Regional Conference on Corporate Youth Policy "Man of Labor"

Organizer:
Association of Working Youth of Perm Krai, Ministry of Labor and Social Development of Perm Krai, State Budgetary Institution of Youth Policy of Perm Krai "Kristall Youth Center"

16.00–18.00

CONFERENCE HALL NO. 2

Government support measures in the industrial sector: preferential loans, subsidies, special statuses

Moderator:
Natalia Saranskaya, Leader of the Finance and Investment Committee Perm branch of Delovaya Rossiya, Director of LLC ZFC Golden Doors

Key topics:
Trends and support measures

"Attraction of preferential loans from the RFBRPPK and FRP in order to purchase technological equipment"
Dmitry Vladimirovich Porokhin, Director of the Perm Krai Industrial Development Fund

"Preferential financing of manufacturing: leasing and investment loan"
Olga Viktorovna Travnikova, CEO of a Microfinance company in the Perm Region

"Subsidized equipment lending programs from banks"
Radygin Sergey Vladimirovich, Managing Director of RC Perm, Sovcombank PJSC

Anti-crisis tools

"Tax incentives as a measure of state support for industrial enterprises: how to use business development opportunities"
Shaikhutdinov Ildar Albertovich, Founder of JSC Institute of Financial Business Development, Moscow

"Private investment in a company as an anti-crisis measure"

Dubovik Vadim Viktorovich, Candidate of Economics, General Director of Dialog Investments LLC, Moscow
"Anti-crisis liquidity management tools of the company: how to restructure loans and reduce the financial burden at the current time"
Natalia Vladimirovna Saranskaya, Leader of the Finance and Investment Committee of the Perm Branch of Delovaya Rossiya, Vice President of the MMKP Consortium of Foreign Economic Activity, founder of LLC ZFC Golden Doors.

Organizer:
ABOUT "Business Russia"

Tour of the exhibition at the end of the event

15.30–17.00

CONFERENCE HALL NO. 5

Presidium of the Union of Industrialists and Entrepreneurs of Perm Krai SPP PC "Cooperation"

Moderator:
Vasily Ivanovich Tsygankov, General Director of SPP PC "Cooperation"

Organizer:
Union of Industrialists and Entrepreneurs of Perm Krai "Cooperation"

Tour of the exhibition at the end of the event

---

23 SEPTEMBER 2026, WEDNESDAY

10:00–12:00

CONFERENCE HALL NO. 2

Made in Russia: how to create competitive products

Organizer:
Committee on Industry of the regional branch of OPORA RUSSIA

10.00–12.00

CONFERENCE HALL NO. 5

The future of metalworking: digital technologies and automation

Moderator:
Diana Nikolaevna Akbasheva, Head of the Press Service of the Ministry of Information Development and Communications of the Russian Federation

Organizer:
Ministry of Information Development and Communications of the Perm Region

Tour of the exhibition at the end of the event

12.00–13.30

CONGRESS HALL

Industry 2030: development scenarios and key drivers

Moderator:
Natalia Lukovnikova, Director of the Information and Analytical Foresight Center for Digital Engineering at Peter the Great St. Petersburg State University, analyst, moderator, co-author of the Sociosoft educational project

Key topics:
Possible models of industry development and factors that can become the main growth catalysts. Technological, economic and managerial drivers determining the future of the industry.

The expert will be Sergey Borisovich Pereslegin, a leading Russian expert in prognostics, scientific director of the Sociosoft project, director of the Knowledge Management Center at Moscow State University, physicist, sociologist, military historian, researcher and science fiction theorist, publicist

---

13:00–15:00

CONFERENCE HALL NO. 5

Unmanned systems for industry. From monitoring to protection

Organizer:
Multicopter LLC

14:00–16.00

CONGRESS HALL

PRO-Welding: from invention to technological leadership

Moderator:
Egorov Roman Viktorovich, Candidate of Technical Sciences, Head of the Scientific and Technical Department of the SRO Association "NAKS"

Key topics:

- Regulatory regulation of welding operations at hazardous production facilities.
- Promising welding technologies as a tool for industrial development.
- Import substitution trends in the welding industry.
- Solutions for enterprises in the Urals and the Volga region from manufacturers of welding equipment and welding materials

Organizer:
SRO Association "NAKS"

15:30–17:00

CONFERENCE HALL NO. 5

Man and Code: how to overcome human resource hunger using industrial robots and launch automation that really works

Key topics:
The new reality of metalworking

- The paradox of modern industry: a shortage of CNC and robotics adjusters/programmers with an urgent demand for productivity growth

Automation economics and equipment: we don't sell hardware, but efficient algorithms

- Design and integration of automated lines and RTCs ("Autonomous Lines").
- How competent code and equipment configuration directly affect payback and production.
- Practical automation solutions to optimize production cycles and eliminate defects.

"Modular competence approach: how to overcome the fear of code and quickly train specialists for CNC and robotics"
With picker: Selyaninova Vera Alexandrovna, General Director ANO DPO CPC "Becoming"

- Practice from day one: from basic setup and programming of CNC machines to complex robotics algorithms (RTK).
- Removing the barrier to "code": effective immersion and skill development on real industrial equipment.
- Closing the pain of enterprises: a universal method of training adjusters, operators and programmers for the tasks of a specific production.
- Transparent result: electronic control of competencies and knowledge assessment at each stage.
- On-site training: field intensive courses without taking equipment off production to quickly launch new machines and lines.

Synergy of Technologies and Personnel: A qualified industrial programmer in production

- Responsibility and partnership: the path from programming the first robot cell to managing entire workshops.
- Formation of a new generation specialist – an industrial programmer with practical thinking.

Organizer:
ANO DPO Professional Development Center "Stanovlenie" (Perm), Autonomous Lines LLC

16:00–18:00

КОНФЕРЕНЦ - ХОЛЛ №2

Повышение производительности труда на сварочном производстве: роботизация, кадры, технологии

Moderator:
Викторов Андрей Владимирович, исполнительный директор ТМ «КЕДР»

Organizer:
ТМ «КЕДР»

---

24 SEPTEMBER 2026, THURSDAY

10:00–12:00

CONGRESS HALL

Cooperation of large and small enterprises in modern conditions.
Problems and solutions

Moderator:
Andreev Nikolay Nikolaevich, Deputy Chairman of the Perm Regional Branch of the Union of Machine Builders of Russia

Organizer:
Perm Regional Branch of the Union of Machine Builders of Russia

Invited to participate:

- Khairulin Vadim Takhirovich, Chief Engineer of JSC UEC-Perm Motors
- Vyacheslav Arturovich Belov, President of the Perm Chamber of Commerce and Industry Union
- Yana Astafurova, Head of the Center for Inter-Industry Cooperation at the Perm Chamber of Commerce and Industry
- Armen Sedrakovich Arakelyan, Deputy Director of Production, JSC STP PZMC
- Artem A. Trushnikov, Chief Engineer of JSC ODK-Star
- Nurgalin Ruslan Rimovich, General Director of Arstekhmash LLC
- Arslanov Roman Salavatovich, Director of Procurement, ELKAM-Neftemash JSC

10:00–12:00

CONFERENCE HALL NO. 2

AI, robotics, and human resources: how technology is changing industry and specialist training

Organizer:
School 21 Perm Campus

Экспертная сессия
Маркетинг для промышленных решений: от ценности до сделки

Key topics:
Тема доклада уточняется
Бородин Максим Юрьевич, Директор по маркетингу «Промобот»

Тема доклада уточняется
Екатерина Климачева, директор по маркетингу Винчи Интерактив

12:00–13:30

CONGRESS HALL

Robotics in welding production: trends and industry solutions

Organizer:
West Ural Certification Center

12:30–14:30

CONFERENCE HALL NO. 2

Industrial Enterprise Navigator: confirmation of production (how to get a registry entry by Decree of the Government of the Russian Federation No. 719), quality and public procurement

Moderator:
Tatiana Machikhina, Director of the Department of Educational Programs of the Perm Chamber of Commerce and Industry Union

Organizer:
Perm Chamber of Commerce and Industry Union

Invited to participate:

- Yulia Bratchikova, Director of the Department of Certificates and Expertise of Origin of Goods at the Perm Chamber of Commerce and Industry, Chief Specialist
- Tatiana Machikhina, Director of the Department of Educational Programs of the Perm Chamber of Commerce and Industry Union
- Tatyana Eremeeva, Head of the Center for Commodity, Technical, and Construction Expertise at the Perm Chamber of Commerce and Industry

---

13.00–15.00

CONFERENCE HALL NO. 5

Round table "Innovations in metalworking"

Key topics:
The metalworking industry is actively transforming due to the introduction of innovative technologies that increase the efficiency, accuracy and quality of production. The key driver of development is the development of new materials, from composites and superalloys to nanomaterials and shape memory alloys. Experts expect massive integration of robotics, digital twins, and hybrid processing methods in the next 5-10 years.

At the round table, experts and market participants will discuss:
• How can companies optimally make the transition to "smart" production: what technologies should they start with with a limited budget in order to get a quick economic effect?

• Which new materials are the most promising for implementation in Russian enterprises today and what barriers prevent their mass application?

• To what extent can environmental and energy-efficient solutions be a competitive advantage of products?

Organizer:
Newspaper "Kommersant - Prikamye"

14.00 - 15:00

КОНГРЕСС-ХОЛЛ

Церемония закрытия Федерального этапа Всероссийского конкурса профессионального мастерства «Лучший по профессии» в номинации «Сварщик»

14:30–16:00

CONFERENCE HALL NO. 2

Council of Chief Technologists

Moderator:
Pesin Mikhail Vladimirovich, Dean of the Faculty of Mechanics and Technology of PNRPU, Doctor of Technical Sciences, Associate Professor, Professor of the Department of Innovative Engineering Technologies.

Welcome speech:
Makarov Vladimir Fedorovich, Deputy Head of the Department of Innovative Engineering Technologies, Head of the Perm Technological School of the Association of Engineering Technologists of Russia, Academician of the Russian Academy of Sciences, Professor, Doctor of Technical Sciences;

Organizer:
PNRPU, Union of Machine Builders of Perm Krai

With the support of the Union of Machine Builders of Perm Krai, Faculty of Mechanics and Technology of Perm National Research Polytechnic University

---

15:30-18:00

КОНФЕРЕНЦ-ХОЛЛ № 2

Металлургия и станкостроение: господдержка, налоги, право и защита интеллектуальной собственности

Organizer:
АНО "ОБЪЕКТИВНО" и Экспертное сообщество Пермского края

15.30–17.30

CONFERENCE HALL NO. 5

The new economy of connections: intersectoral and interregional cooperation

Moderator:
Vyacheslav Arturovich Belov, President of the Perm Chamber of Commerce and Industry Union, Perm

Organizer:
Perm Chamber of Commerce and Industry Union

---

25 SEPTEMBER 2026, FRIDAY

10:00–11:00

CONFERENCE HALL NO. 2

From lean manufacturing to a flexible, innovative business system: how businesses ensure sustainable growth in a volatile environment

Welcome speech:
Vyacheslav Arturovich Belov, President of the Perm Chamber of Commerce and Industry Union, Perm

Key topics:
"From lean manufacturing to a flexible innovative business system: the evolution of production systems and the GIBS model as the next stage of sustainable enterprise development"
Irina Reshetnikova, General Director of MK IBS LLC

Organizer:
Perm Chamber of Commerce and Industry Union, MK IBS LLC

11:00–16:00

CONFERENCE HALL NO. 2

II qualifying round of the IV Interregional Online Championship "Efficiency and Competitiveness 2026"

Moderator:
Irina Reshetnikova, Founder, CEO of International Company Innovative Business Systems LLC, Head of the International Center for Flexible Line Competencies, a leading certified expert in production operational efficiency

Welcome speech:
The Championship acts as a practical platform for developing the human and managerial potential of industry, popularizing lean manufacturing, increasing the interest of enterprises in operational efficiency tools, as well as expanding engagement through the participation of working youth, heads of industrial companies, mentors, experts and representatives of small and medium-sized businesses.

Organizer:
Union "Perm Chamber of Commerce and Industry", LLC "International Company "Innovative Business Systems", ANO "Perm Scientific and Educational Center" with the support of the Ministry of Industry and Trade of the Perm Region

The Championship acts as a practical platform for developing the human and managerial potential of industry, popularizing lean manufacturing, increasing the interest of enterprises in operational efficiency tools, as well as expanding engagement through the participation of working youth, heads of industrial companies, mentors, experts and representatives of small and medium-sized businesses.

The LIN CHAMPIONSHIP is a comprehensive team competition aimed at evaluating the practical skills of participants in the field of lean manufacturing, improving the efficiency of business processes, teamwork, leadership and innovative thinking.
