Valery Vasilyevich Gafarov, MD, Professor, Honored Scientist of the Russian Federation, Chief Researcher, Head of the Laboratory of Psychological and Sociological Problems of Therapeutic Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Gromova Elena Alekseevna, MD, Senior Researcher at the Scientific Research Institute of Therapy and Preventive Medicine, a branch of the Federal State Budgetary Scientific Institution Federal Research Center

Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk;

Kashtanova Elena Vladimirovna, Doctor of Biology, Associate Professor, Leading Researcher at the Scientific Research Institute of Therapy and Preventive Medicine, a branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk;

Polonskaya Yana Vladimirovna, Doctor of Biology, Senior Researcher, Scientific Research Institute of Therapy and Preventive Medicine, branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk;

Almira Valeryevna Gafarova, Ph.D., Senior Researcher, Scientific Research Institute of Therapy and Preventive Medicine, branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk;

Yulia Ragino, MD, Professor, Corresponding Member of the Russian Academy of Sciences, Honored Veteran of the Siberian Branch of the Russian Academy of Sciences, Head of the Scientific Research Institute of Therapy and Preventive Medicine, branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Chief Researcher, Novosibirsk

"What's behind the numbers on the tonometer: focus on modifiable factors in middle-aged and elderly people with type 2 diabetes"

Oksana Dmitrievna Rymar, MD, Associate Professor, Chief Researcher, Head of the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Svetlana Vladimirovna Mustafina, MD, Associate Professor, Leading Researcher at the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases, Head of the Center for Therapeutic and Preventive Nutrition "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Sofya Konstantinovna Malyutina, MD, Professor, Chief Researcher, Head of the Laboratory of Etiopathogenesis and the Clinic of Internal Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Shcherbakova Lilia Valeryevna, Honored Veteran of the Siberian Branch of the Russian Academy of Sciences, Senior Researcher, Head of the Department of Extra-budgetary Work "Scientific Research Institute of Therapy and Preventive Medicine" – branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk

"Epigenetic aging and myocardial infarction in Siberia"

Sofya Konstantinovna Malyutina, MD, Professor, Chief Researcher, Head of the Laboratory of Etiopathogenesis and the Clinic of Internal Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Valery Vasilyevich Gafarov, MD, Professor, Honored Scientist of the Russian Federation, Chief Researcher, Head of the Laboratory of Psychological and Sociological Problems of Therapeutic Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Maximov Vladimir Nikolaevich, MD, Professor, Head of the Laboratory of Molecular Genetic Research of Therapeutic Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk

"Ultrasound atherosclerotic patterns in the stratification of cardiovascular risk"

Ryabikov Andrey Nikolaevich, MD, Professor, Chief Researcher at the Laboratory of Etiopathogenesis and the Clinic of Internal Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk

"How to prevent a fracture? Predictors of osteoporotic fractures in middle-aged and elderly people"

Elena Sergeevna Mazurenko, Ph.D., Researcher at the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Sofya Konstantinovna Malyutina, MD, Professor, Chief Researcher, Head of the Laboratory of Etiopathogenesis and the Clinic of Internal Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Shcherbakova Lilia Valeryevna, Honored Veteran of the Siberian Branch of the Russian Academy of Sciences, Senior Researcher, Head of the Department of Extra-budgetary Work "Scientific Research Institute of Therapy and Preventive Medicine" – branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Oksana Dmitrievna Rymar, MD, Associate Professor, Chief Researcher, Head of the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk

"Obesity and the risk of developing cardio-reno-hepato-metabolic syndrome, approaches to its correction"

Svetlana Vladimirovna Mustafina, MD, Associate Professor, Leading Researcher at the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases, Head of the Center for Therapeutic and Preventive Nutrition "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Oksana Dmitrievna Rymar, MD, Associate Professor, Chief Researcher, Head of the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Yulia Alexandrovna Shishakina, Internist, Clinical Resident, Scientific Research Institute of Therapy and Preventive Medicine, branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Shcherbakova Lilia Valeryevna, Honored Veteran of the Siberian Branch of the Russian Academy of Sciences, Senior Researcher, Head of the Department of Extra-budgetary Work "Scientific Research Institute of Therapy and Preventive Medicine" – branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk

"Healthy eating and longevity: from evidence-based recommendations to promising directions"

Lobykina Elena Nikolaevna, MD, Professor, Head of the Department of Hygiene, Epidemiology and Healthy Lifestyle, Novokuznetsk State Institute of Advanced Medical Education, branch of the Russian Medical Academy of Continuing Professional Education, Ministry of Health of the Russian Federation, dietitian, Kuzbass Center for Public Health and Medical Prevention, Novokuznetsk;

Shapovalova Natalia Alekseevna, doctor at the Center for Public Health and Medical Prevention of the Kaliningrad Region, Lecturer at the Department of Hygiene, Epidemiology and Healthy Lifestyle, Novokuznetsk State Institute of Advanced Medical Training, branch of the Russian Medical Academy of Continuing Professional Education, Ministry of Health of the Russian Federation, Kaliningrad

"Microbiome and longevity"

Sergey Nakifovich Zinatulin, rehabilitologist, specialist in restorative medicine, consultant physician of the Wellness Biotics project, lecturer of the VedaEducation educational project, VedaGenetics LLC, Novosibirsk

"Indicators of cognitive functions and metabolic syndrome in people aged 25-44"

Sukhanov Andrey Vladimirovich, MD, Senior Researcher at the Laboratory of Psychological and Sociological Problems of Therapeutic Diseases, Scientific Research Institute of Therapy and Preventive Medicine, branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk;

Valery Vasilyevich Gafarov, MD, Professor, Honored Scientist of the Russian Federation, Chief Researcher, Head of the Laboratory of Psychological and Sociological Problems of Therapeutic Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Gromova Elena Alekseevna, MD, Senior Researcher, Scientific Research Institute of Therapy and Preventive Medicine, branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk;

Svetlana Vladimirovna Mustafina, MD, Associate Professor, Leading Researcher at the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases, Head of the Center for Therapeutic and Preventive Nutrition "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk;

Oksana Dmitrievna Rymar, MD, Associate Professor, Chief Researcher, Head of the Laboratory of Clinical, Population and Preventive Research of Therapeutic and Endocrine Diseases "Scientific Research Institute of Therapy and Preventive Medicine" - branch of the Federal State Budgetary Scientific Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences", Novosibirsk

"Health culture: from tradition to modernity. The practice of Mental longevity courses"

Wenger Roman Vasilyevich, Director of ANO "Mental Health and active longevity", Novosibirsk

Organizer:

Regional Center for Public Health and Medical Prevention

10:00–12:00

CONFERENCE ROOM 2

Business Game/Process Factory: "Hospitalization"

Organizer:

Regional Competence Center for the introduction of lean manufacturing technologies in the healthcare industry

10:00–12:00

CONFERENCE ROOM 3

Round table discussion "Interaction between science and the medical sector: synergetic potential and challenges of integration"

Moderator:

Mishinov Sergey Valerievich, Leading Researcher, Neurosurgeon at the Department of Neurosurgery No. 1 of the Federal State Budgetary Institution Novosibirsk Scientific Research Institute of Traumatology and Orthopedics named after Ya.L. Tsivyan of the Ministry of Health of the Russian Federation

Key topics:

"Commercialization of REED medical research organizations"

Mishinov Sergey Valerievich, Leading Researcher, Neurosurgeon at the Department of Neurosurgery No. 1 of the Federal State Budgetary Institution Novosibirsk Scientific Research Institute of Traumatology and Orthopedics named after Ya.L. Tsivyan of the Ministry of Health of the Russian Federation

The topic is being clarified

Alexander Borisovich Romanov, vascular surgeon (angiosurgeon), cardiac surgeon of the Federal State Budgetary Institution "NMIC named after Academician E.N. Meshalkin" of the Ministry of Health of the Russian Federation, MD, Corresponding Member of the Russian Academy of Sciences

The topic is being clarified

Maxim A. Korolev, Rheumatologist, MD, Head of the Scientific Research Institute of Clinical and Experimental Lymphology, a branch of the Federal State Budgetary Scientific Institution Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences

"Experience in the development, registration and implementation of medical devices in clinical practice. Integration of scientific research and the medical sector in the development of innovative devices for surgery and rehabilitation"

Alexander V. Shekalov, Director of Scientific and Technical Activities, Siberian Scientific Research and Testing Center for Medical Equipment, Closed Joint Stock Company (SIBNIITSMT CJSC)

Organizer:

Siberian Biotechnological Scientific and Educational Center (SibbioNOC)

10:00–12:00

CONFERENCE ROOM 4

Current trends in the diagnosis and treatment of injuries: from emergency care to rehabilitation

13:00–15:00

CONGRESS HALL

Modern challenges of oncology at the stage of primary health care

Welcome speech:

Aksenova Elena Anatolyevna, Candidate of Medical Sciences, Deputy Minister of Health of the Novosibirsk Region

Key topics:

"Modern tasks of public health in terms of organization of oncological care"

Fursov Sergey Alexandrovich, MD, Professor, Head of the Department of Oncology of the Federal State Budgetary Educational Institution of Higher Medical Education of the Ministry of Health of the Russian

Federation, Chief freelance Specialist Oncologist of the Ministry of Health of the Russian Federation, Chief Physician of GBUZ NSO "NOKOD"

"Breast cancer – prevention, suspicion, research, observation"

Kozyakov Anton Evgenievich, PhD, Head of the department, oncologist of the highest category of GBUZ NSO "NOKOD"

"Lung cancer – features of prevention, spread, novel detection, features of surveillance."

Vadim Viktorovich Kozlov, MD, Associate Professor of the Department of Oncology at the Federal State Budgetary Educational Institution of Higher Medical Education of the Ministry of Health of the Russian Federation, Deputy Chief Physician for the Medical Department of the GBUZ NSO "NOKOD"

"Ways to increase patient satisfaction with the quality of visits to a medical organization"

Fursov Sergey Alexandrovich, MD, Professor, Head of the Department of Oncology of the Federal State Budgetary Educational Institution of Higher Medical Education of the Ministry of Health of the Russian Federation, Chief freelance Specialist Oncologist of the Ministry of Health of the Russian Federation, Chief Physician of GBUZ NSO "NOKOD"

"Points of application of forces to align the positions of medical organizations in the cancer control rating in 2026"

Vladimir Stanislavovich Leibovich, Deputy Chief Physician for OMR of GBUZ NSO "NOKOD", Assistant at the Department of Oncology of the Federal State Budgetary Educational Institution of Higher Medical Education of the Ministry of Health of the Russian Federation

13:30–15:00

CONFERENCE HALL 1

II All-Russian Scientific and Practical Conference "Joint Health Strategies: Balancing Traditions and Innovations for a Sustainable Future"

Part 4. The Young Scientist's Hour "Scientific Debuts"

Welcome speech:

Marina Leonidovna Fomicheva, MD, Honored Healthcare Worker of the Russian Federation, Director of the Regional Center for Public Health and Medical Prevention, Chief Freelance Specialist in Medical Prevention at the Ministry of Health of the Russian Federation for the Siberian Federal District and the Ministry of Health of the Novosibirsk Region, Senior Researcher at the Research Institute of Therapy and Preventive Medicine, a branch of the Federal State Budgetary Institution "Federal Research Center Institute of Cytology and Genetics of the Siberian Branch of the Russian Academy of Sciences, Novosibirsk

Key topics:

"Closure of public spaces as an obstacle to the development of human capital and healthy lifestyle in the urban environment"

Rinat Galiullin, Postgraduate Student of the Department of General Sociology, Novosibirsk National Research State University, Sociologist, Bureau of Medical and Sociological Research, Department of Risk Factor Monitoring, Regional Center for Public Health and Medical Prevention, Novosibirsk

The "project "Medical frames. Medical examination "as an aid in strengthening primary health care in the Novosibirsk region"

Ilya Olegovich Strepetov, Chairman of the Council of Scientific and Educational Institutions of the Novosibirsk State Medical University of the Ministry of Health of the Russian Federation, Novosibirsk

Bogdan Anatolyevich Samokhin, Head of the MSCC Trajectory, Novosibirsk State Medical University, Ministry of Health of the Russian Federation, Novosibirsk

"Assessment of the readiness of future healthcare system specialists to work with artificial intelligence"
Zhilenko Anna Valentinovna, a student of the Faculty of Medicine of the Novosibirsk State Medical University of the Ministry of Health of the Russian Federation, Novosibirsk;

Bogdan Anatolyevich Samokhin, student of the Faculty of Medical and Preventive Medicine, Novosibirsk State Medical University, Ministry of Health of the Russian Federation, Novosibirsk

"The role of AhR-regulated genes in the formation of aggressive NSCLC phenotype"
Andrey A. Chapanov, Postgraduate Student of the Department of Oncology, Novosibirsk State Medical University, Ministry of Health of the Russian Federation, Novosibirsk

"Characteristics of the nutritional-metabolic and clinical-functional status of patients with osteoarthritis in combination with nutritional obesity"
Tonkopyrad Marina Viktorovna, post-graduate student of the Department of Faculty Therapy named after Prof. G.D. Zalessky (Faculty of Medicine) of the Novosibirsk State Medical University of the Ministry of Health of the Russian Federation, Head of the Department of Medical Prevention, Internist at the Novosibirsk Regional Clinical Hospital of War Veterans No. 3, Novosibirsk

"Bone-metabolic characteristics of vibration disease in combination with osteoarthritis"
Bekhtenov Danil Alexandrovich, postgraduate student of the Department of Faculty Therapy named after Prof. G. D. Zalessky (Faculty of Medicine), Novosibirsk State Medical University of the Ministry of Health of the Russian Federation, doctor of the Department of Medical Prevention of the Novosibirsk Regional Clinical Hospital of War Veterans No. 3, Novosibirsk

"Prevention of radiation reactions and complications in patients with prostate cancer on the background of thermoradiotherapy treatment"
Ekaterina Vladimirovna Efanova, PhD, Assistant Professor at the Department of Oncology, Faculty of Medicine, Novosibirsk State Medical University, Ministry of Health of the Russian Federation, Novosibirsk

Organizer:
Regional Center for Public Health and Medical Prevention

Jury: Fomicheva Marina Leonidovna, Zakharova Maria Alexandrovna, Chusovlyanova Svetlana Viktorovna, Bezprovannaya Elena Anatolyevna, Koroleva Olga Viktorovna

13:00–15:00

CONFERENCE ROOM 2

Business Game/Process Factory: "Hospitalization"

Organizer:
Regional Competence Center for the introduction of lean manufacturing technologies in the healthcare industry

13:00–15:00

CONFERENCE ROOM 3

Conference "Topical issues of clinical transfusiology"

Moderator:

Yulia Vladimirovna Moore, Chief specialist transfusiologist of the Siberian Federal District, chief freelance specialist transfusiologist of the Ministry of Health of the Novosibirsk region, Chief Physician of the GBUZ NSO "NCCC", Candidate of Medical Sciences, Honored Doctor of the Russian Federation

Organizer:

Ministry of Health of the Novosibirsk Region, Novosibirsk Clinical Blood Center
